

To: Parents/Guardians of Bronson Community Schools' Students
From: Robert Walter, Superintendent
Re: ParentConnection Registration

As a parent of a current Bronson Community Schools' student, you now have the opportunity to use a product that will allow you to view your child's school information via the web. The product, **Zangle ParentConnection**, will allow access to pertinent information about your child's attendance, report card grades (grades 5-12 only), behavior, food service information, and other school information. To use *ParentConnection* you will need Internet access, an e-mail address, and a browser such as Internet Explorer.

In order to access the secured information that is available via *ParentConnection*, you will need to register for an account. This account will allow you to view information for all of your children, regardless of grade level.

The registration process is fairly straightforward. Simply complete the ***ParentConnection Registration Form***. You will find this form at our ParentConnection web page or in any building office. You may list up to 5 of your children on one form, and you do not need to complete a separate form for each building. **Please return the completed form to the secretary of the school building of your choice.**

Once your form is received, district staff will verify the information, create your ParentConnection account, and call you to notify you to come in and pick up your PIN/password. You must pick up your PIN/password in person. You will be asked to produce a driver's license as proof of identity at the time of pickup. When you receive your information, just visit the school district web page (www.bronson.k12.mi.us) and click on the ParentConnection button on the mail page. Links will also be found on the main pages for each school building.

If you have questions about *ParentConnection*, you may contact your child's school. We hope you will be excited about this new parental opportunity.
